

Truckload.

A network of highly specialized carriers to handle all Truckload requirements.

At CTE we aim to be the industry leading freight management partner. Whether its full truckload, flatbed, partial, or intermodal we have the options and coverage to/from all North American points. Our carrier relationships allow CTE to provide the best solution for our clients' special needs. Leveraging state of the art technology with years of industry experience and a client centric approach adds up to success and lasting relationships.

Reciprocity

We believe our existence is a two-way street. A Partnership.
